

**aluskin classic**  
A strong connection

## aluskin classic | beautiful design and innovative technology

uPVC windows with exterior aluminium shells offer you almost unlimited colour variations and outstanding thermal insulation values compared with conventional aluminium windows – innovative window technology at its best.

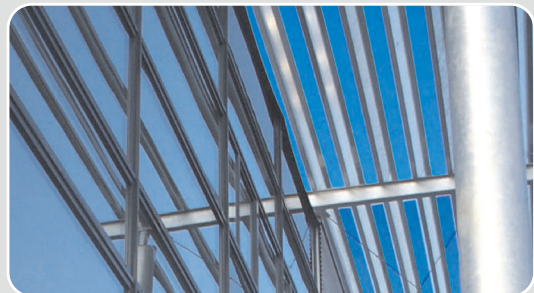

IDEAL 4000®

IDEAL 5000®

energeto® 8000

### aluskin classic advantages for you

- powder-coated, painted or anodised finishes
- the aluminium shell provides even more stability
- modern exterior aluminium design
- individual colours as per RAL-colour palette
- a butt joint connection of aluminium shells is also possible. This generates an intriguing and special design effect and furthermore makes processing and production easier for the window manufacturer
